PETITION TO WITHDRAW HOLDING OF ABANDONMENT BASED ON FAILURE TO
RECEIVE NOTICE TO FILE CORRECTED APPLICATION PAPERS

Hon. Commissioner of
Patents and Trademarks

Sir:

The above stated application has been abandoned for failure to timely file the required corrected application papers within the two month statutory period from the mailing date of the Notice To File Corrected Application Papers. Applicant respectfully petitions that the holding of abandonment for the above stated application be withdrawn, because said application was only abandoned because the Notice to File Corrected Application Papers was never received by the applicant's attorney.

Once the Notice of Abandonment was received the applicant's attorney promptly called the Patent Office to have a copy of the

Notice to File Corrected Application Papers faxed to him, and applicants attorney has enclosed said Notice to File Corrected Application Papers along with required corrected applications papers. Applicants attorney has also enclosed a copy of the docket dated August 20, 2001, the deadline for response to said Notice.

The applicant respectfully requests that this petition is acted upon in a timely manner. Applicant is eager for the issuance of his patent.

In view of the above, reconsideration of the Notice of Abandonment is respectfully solicited.

Respectfully submitted,

DECLARATION IN SUPPORT OF PETITION TO REMOVE THE HOLDING OF
ABANDONMENT BASED ON FAILURE TO RECEIVE NOTICE TO FILE CORRECTED
APPLICATION PAPERS

1. I am the attorney of record for the applicant, inventor of serial number 09/844593. Consistent with the "power of attorney" filed with the application, correspondence was to be mailed to me at 2071 Clove Road, Staten Island, NY 10304.
2. I received a filing receipt for this application approximately June 2001. The filing receipt was sent to the correct address.
3. I received a notice of Abandonment in this case, which was mailed on February 6, 2004. The case was abandoned because of applicant's failure to timely file corrected application papers within the two month statutory period from the mailing date of the Notice To File Corrected Application Papers.
4. I personally see every Notice to File Corrected Application Papers when it is received from the Patent Office. The Notice is then docketed as a reminder on the computer system, then the Notice is placed in the file folder and noted on the file folder, and the file folder is taken out of our "pending" file section for prompt action.
5. A search of the file folder did not reveal any record of a Notice to File Corrected Application Papers being received. The file was still with the "pending" files. No reminder was ever entered into the computer. A thorough search of other files did not uncover the alleged Notice. Further, I never received the above stated Notice, nor did I have any knowledge that a Notice to File Corrected Application Papers was mailed prior to the application becoming abandoned.
6. I am satisfied from my own investigation that the Notice to File Corrected Application Papers was never received at my office. Had I known of the Notice to File Corrected Application Papers, I would have promptly responded thereto.

Respectfully,

Richard W. Goldstein
